Origami FTP Sites

- International Origami FTP Site:

  This ftp site `ftp.rug.nl:/origami/` contains archives of the international origami mailing list, a database of more than 2,000 Origami models indexed by category, Origami FAQs, addresses of Origami clubs, some Origami models in PostScript, copies of *Online Origami Magazine*, some photos of folded models, some programs related to Origami, and articles on the mathematics of flat Origamis.

  The ftp site is maintained by `maarten@info.service.rug.nl`.

- Finnish FTP Site:

  This ftp site `ftp.funet.fi:/pub/culture/japan/origami/` contains a variety of materials, mostly in Finnish and Swedish. It includes a mirror of the ftp.rug.nl site. The site is overloaded and not very reliable. This archive is maintained by Johannes Gronvall, `joha@nic.funet.fi`.

  We copied their 10 Commandments of Origami file and converted it to HTML.
